

## Master Agreement Vendor List

The vendors listed below have an active Master Agreement with RCUH. These agreements were established to streamline contracting with certain vendors that may be engaged by multiple projects, reducing the need to renegotiate terms for each engagement.

### Important Notes

- This list is for informational purposes only. Inclusion on this list **does not** constitute an endorsement or recommendation of any vendor.
- Each agreement has specific requirements and limitations, which may vary by vendor.
- **Projects must still follow all normal procurement requirements** when utilizing a vendor on this list.
- Before initiating a purchase with a vendor on this list, projects must contact their Fiscal Administrator (FA). The FA should then reach out to their assigned RCUH Procurement Specialist for guidance.
- **Do not** contract with these vendors independently. Contact RCUH Procurement first, so we can ensure compliance with the terms of the existing agreement.
- This list includes only RCUH-wide master agreements created for use across all projects. It does not include any department/project-specific master agreements. Projects should be aware of and manage their own individual master agreements in coordination with their respective RCUH Procurement Specialist.
- The Master Agreement Vendor List may be updated at any time, without notice.
